

TITAN GEAR

Universal, High Performance, Fuel Economy, for Manual Gearboxes and Highly-Stressed Differentials as well as Power Distributors and Auxiliary Gearboxes in Cars, Vans, Trucks, Buses, Tractors, Construction and Industrial Machinery.

Description

- High performance, SAE 90 & 140 gear oil
- For manual gearboxes and highly stressed differentials as well as power distributors and auxiliary gearboxes in cars, vans, trucks, buses, tractors, construction and industrial machinery.
- Quieter Running and Minimum Whining even in the severest of conditions.
- No loss of Performance. Protect all metals normally found in gearboxes against corrosion and does not leave deposits on oil seals.
- Compatible with all Elastomers and Other Sealing Materials.

Advantages/Benefits

- Rationalization of Grades and Containers through universal application for manual gearboxes and differentials. No special oils are needed for hypoid differentials.
- Very Good Viscosity-Temperature Behavior because it stays in grade and maintains its characteristics even in severe conditions.
- Outstanding Protection against Wear due to short oiling time after starting and the absence of foaming. The lubricating film remains stable under very heavy loads, high speeds and high temperatures.
- Lowers Fuel Consumption. Regardless of the operating conditions.
- Lower Maintenance Costs. The long-life characteristics of this gear oil reduce wear-related downtime.

Specifications/Approvals

- API GL-4

CHARACTERISTICS

PROPERTIES	METHOD	UNIT	SAE 90	SAE 140
Kinematic Viscosity @ 40°C	ASTM D 445	cSt	165.75	303.33
Kinematic Viscosity @ 100°C	ASTM D 445	cSt	17.62	29.81
Viscosity Index (VI)	ASTM D 2270	-	116	134
Color	ASTM D 1500	-	L 0.5	L 1.0
Density @ 15°C	ASTM D 1298	Kg/L	0.8815	0.8782
Flash Point (COC)	ASTM D 92	°C	230	230
Appearance	VISUAL	-	CLEAR	CLEAR
